Why I Read My Bible

Purpose: The Bible is God's Word and tells me Who He is, who I am, how everything began, why I am here, and what the future holds.

Identity: When I read the Bible I see who God has made me to be and how He is working in me to make more like Jesus.

The Gospel: The Bible tells me about God's holiness, my sinfulness, the punishment my sin deserves, but how I can be forgiven because of Jesus Christ.

Life: The Bible has wisdom to guide me throughout my entire life. As a child, a teenager, or an adult, God's Word gives me instructions that will help me every day. God's grace empowers and enables me to obey.

How Should I Read My Bible?

Forgiven

I should ask God to forgive me of any thing I know I've done wrong.

Faith

I should be faithful to read my Bible often and have faith to believe what I read.

Focused

I should do my best to pay attention to what I am reading and not get distracted.

First

I should make time to read God's Word

What Questions Can I Ask?

All the W's: Who, what, where, why, when ?

Three P's

Primary Association—What did the message mean to the first people who heard it or read it?

Prophetic Anticipation—What did the message mean for the future or what may it mean in my future?

Personal Application—What does it mean to me today?
